

## She 31b

Sparkman & Stephen's pretty **She 31b** is an enthusiast's boat with excellent performance and handling, particularly on a hard beat, but a tight interior with poor headroom. The **She Traveller 9.5** has a raised coachroof, which does little for her looks but improves headroom. The design was revived as the **Delta 95** with much improved accommodation thanks to raised topsides as well as coachroof. Once again prices start at around £12,000, but you will have to spend all the £15,000 to get a reasonably good one. Delta 95s will cost from £15,000 upwards.
